D3. Publishing, Presenting, and Reflecting: select suitable and effective media, techniques, and tools to publish and present final texts, and critically analyze how well the texts address various topics

BEFORE YOU GO

Learning Goal

- Students will use a variety of writing forms to examine perspectives from different points of views.

Minds On Activity:

- Prepare a variety of pictures of outdoor winter activities. Ensure that the pictures are inclusive, considering activities with and without equipment, cost and accessibility. Example of pictures:
 - *Playing in the snow (e.g. building a snow fort, making snow angels or snow people)*
 - *Alpine skiing, adapted alpine skiing*
 - *Hockey, sledge hockey*
 - *Tobogganing or sledding, adapted tobogganing or sledding*
 - *Hiking*
 - *Skating*
 - *Cross-country skiing*
 - *Snowshoeing*
 - *Snowboarding*
 - *Walking*
- Organize the class into groups of 4-5 students.
- Have each group choose one picture of the outdoor winter activities.
- Provide time for each group to look at the picture and list the main equipment that they think is needed in order to participate in the activity. For example, for hockey, sledge hockey:
 - *Skates*
 - *Sledge*
 - *Hockey stick*
 - *Net*
 - *Puck*
 - *Helmet*
 - *Pads*

Action Activity

- Students work individually to choose one piece of equipment that is used for their activity.
- Provide opportunities for students to learn more about the equipment that is needed for their chosen winter activity (e.g. school library, prepared books/media by the educator). Example educator prompts to extend the learning:
 - *Describe how the equipment is worn and/or used in the activity?*
 - *Describe the importance of this piece of equipment and how it contributes to the activity.*
 - *Are there different types of this piece of equipment and how it can be used in the activity?*
- Students will write a Point of View journal entry from the perspective of that piece of equipment. Example educator prompts:
 - *If this piece of equipment had emotions, describe how you think it may feel throughout the activity.*
 - *Describe how the environment may affect this piece of equipment?*
 - *How do you think this piece of equipment can get damaged in this activity?*
 - *How can this piece of equipment be taken care of to extend its life span?*
 - *Describe the senses this piece of equipment may experience before, during and after the activity.*

WHILE YOU ARE THERE

Schools on Snow Activity

Students will experience one of four activities at a Schools on Snow resort: snowshoeing, cross-country skiing, alpine skiing or snowboarding. Resort staff will meet your class, walk students through rentals and equipment. Experienced instructors/guides will provide lessons and/or guide students through trails depending on the activity.

ONCE YOU GET BACK

Consolidation Activity

- Provide time for students to write a Point of View journal entry from a piece of equipment that was used in the Schools on Snow activity.
- When completed, organize class into groups of 2 students and invite them to share their Point of View journal entry with each other.
